ABOUT Us

ABOUT Us

Hoja Verde Flowers is an eco-friendly and socially focused business that produces the most astonishing blossoms from the highlands of Ecuador.

Alinatura a Hoja Verde Company preserves this roses in an efficient, safe, environmental and sustainable way.

Our goal is to maintain the structure and beauty of our roses over time.

ABOUT US

CARE

PRESERVED ROSES

Storage conditions

T: 15- 35 °C / RH: < 80%

For indoor use only

For use 6 months For Warehouse storage 18 months.

Do not submit

to drastic temperature changes to avoid condensations.

Keep strong colors apart

They may blend

Avoid mixing colors with white

They may fade. Use ivory

Advice:

Roses and stems may weep during season changes*

*Places with moisture changes may cause roses and stems to weep when they absorb moisture and expel preservation fluids. When season changes, this effect is common. However, the rose or stem will reach a new balance and will be beautiful again. It is important to clean these fluids with a paper towel.

Advice:

Roses and stems can stain*

* To remove stains on textiles, you can use alcohol and then wash them with vanish
